Rules and Regulations Implementing the Telephone Consumer Protection Act of 1991-CG Docket 02-278

My name is Amy Woods and I work for Interactive Teleservices in the Licensing Department located in Columbus Ohio. We are a telemarketing company to which whom this National Do Not Call Registry will effect greatly. This will put millions of people out of work in including myself. If I would lose my job, I would possibly lose everything I have worked hard for. We all have families to support just like anyone else.

Our company gives people a chance to make something out of themselves. We are a good company that provides good products the same as a store, only we offer them over the phone. We are not scam artists looking for an easy way to make a dollar. We are professionals who enjoy selling items over the phone.

There are different ways to protect consumer rights. There is caller ID, Privacy Manager, Do Not Call Lists, or just say "No Thank You" and end the call. We want to respect those who don't care for telemarketing so that's why these things are provided. On the other hand there are many that depend on our services, they don't even have to leave there home.

I hope this will be taken in consideration.  
Thank you,

Amy Woods  
Licensing Admin.
